

LARGE AND MID-SIZE  
BUSINESS DIVISION

DEPARTMENT OF THE TREASURY  
INTERNAL REVENUE SERVICE  
WASHINGTON, D.C. 20224

January 31, 2008

Attached are the December 31, 2007 new item categories under Rev. Proc. 97-36 (supercedes Rev. Proc. 92-79).

Rev. Proc. 97-36 provides an Alternative LIFO Method for automobile dealers. Section 4.02(5) defines a new item category. Section 4.02(6) provides that new item categories are treated as having the cost at the beginning of the year as current-year base vehicle cost. The result is that there is no inflation or deflation for new item categories.

This list is similar to the guidance I provide to examiners who audit automobile dealers'

Tax returns and is the result of research by my staff of the best information available to us. Since the list is not an "Official List", it does not reflect "Service Position" and examiners are not required to follow it.

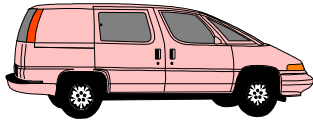

Along with this letter, I am attaching the lists and cover sheet to automobile industry organizations including state and national dealer associations, factories, and other interested parties. Feel free to distribute the lists to dealers.

If you have any questions, please call me at (616) 235-1655.

Sincerely,

*/s/Terri Harris*  
Terri Harris
