The Chairman’s Message

If you were charged with the responsibility of transcending space and time to honor someone, how would you accomplish that? There are many ways you could do that but coupling it with an endeavor to help others is the best way. The National Automobile Dealers Charitable Foundation has assisted hundreds of people in need throughout the years. And it was three gentlemen who made a significant mark in their spheres of influence in order to do that. In all three cases, men were outstanding husbands and fathers, and their accomplishments are forever etched in time through their families and charitable contributions.

Joseph J. Sanchez was a man of humble origin who faced hardships such as the death of his father and the debilitating effects of polio at a young age. Thanks to his mother’s guidance, Joe found the strength to not just survive, but flourish. He forged an amazing career as a General Motors executive and served for many years as vice president and general manager of the Oldsmobile Division. He reached a pinnacle when he became president of General Motors South America. He eventually became the first president of Saturn Corporation. Tragically, within two weeks after that achievement, Joe passed away. His work and life are perpetuated in a college scholarship program that helps students with emergency needs.

John P. Winston, Sr., is also special to our retail automobile family, as he served as general counsel of the National Automobile Dealers Association for decades. When he was not attending to legal matters he was working faithfully on the Sanchez Memorial Fund to help students in need. After his death, many people were moved to establish a memorial fund to honor him.

Frank E. McCarthy had a life and career marked with a deep passion for his family and his desire to help others. He spent more than 33 years as chief operating officer of NADA, leading the association to become a forceful and respected advocate for dealers everywhere. The Frank E. McCarthy Memorial Fund honors his memory through donations to Canine Companions for Independence, which presents highly trained service dogs to children with disabilities and to wounded veterans.

The Joseph J. Sanchez Memorial Fund has donated more than $550,000 to students in need; the John P. Winston, Sr. Memorial Fund has given more than $500,000 for the discipline of ethics; and the Frank E. McCarthy Memorial Fund, has proudly given $250,000 to help children with disabilities and wounded veterans.

On behalf of the Sanchez, Winston, and McCarthy families—and on behalf of our NADA family—we are truly proud to say we’ve continued the legacy of these great men and will forever remember them through space and time.

Sincerely,

Robert P. Mallon
Chairman of the Board of Trustees
Over $1 Million in Grants

MEMORIAL FUNDS
Frank E. McCarthy

The Frank E. McCarthy Memorial Fund was created in memory of NADA’s longtime chief operating officer.

Since 2002, the Frank E. McCarthy Memorial Fund has contributed $250,000 to Canine Companions for Independence (CCI), placing 25 skilled service dogs with disabled children and wounded veterans.

To support the Canine Companions program, ADESA auctioned a Harley-Davidson motorcycle during the 2014 NADA Convention and Expo in New Orleans. The winning bid of $27,000, made by Joe Verde, president of the Joe Verde Group in San Juan Capistrano, California, benefited the Wounded Veterans Initiative of CCI. This was the third year ADESA has held a live auction at the NADA convention.

“I thank ADESA for holding another successful auction to raise money for a cause that has such a special meaning to the NADA Foundation,” said Bob Mallon, foundation chairman. The foundation presented CCI with $40,000 in 2014.
The more than 700 Ambassadors of the National Automobile Dealers Charitable Foundation are committed to giving back to their local communities.

“Dealers and associations across the country are setting a great example by utilizing the Ambassadors program as part of their charitable giving,” said Bob Mallon, chairman of the NADA Foundation. “I cannot thank them enough for their ongoing support.”

The program gives members the opportunity to make contributions to organizations that have a personal meaning. Each year, more than $250,000 in grants are donated to organizations in the public or private sector, supporting a variety of causes, from emergency and medical services to educational programs. Last year, 208 Ambassadors were eligible to present grants to organizations of their choice.

To become an Ambassador, a dealer, company, association or individual makes a tax-deductible contribution of $10,000, sometimes in recognition of a loved one, living or deceased. Ambassadors are then setting a great example by utilizing the Ambassadors program as part of their charitable giving,” said Bob Mallon, chairman of the NADA Foundation. “I cannot thank them enough for their ongoing support.”

The program gives members the opportunity to make contributions to organizations that have a personal meaning. Each year, more than $250,000 in grants are donated to organizations in the public or private sector, supporting a variety of causes, from emergency and medical services to educational programs. Last year, 208 Ambassadors were eligible to present grants to organizations of their choice.

To become an Ambassador, a dealer, company, association or individual makes a tax-deductible contribution of $10,000, sometimes in recognition of a loved one, living or deceased. Ambassadors are then eligible to provide grants every three years in perpetuity.
Ambassadors Program Grants

In 2014, Ambassadors throughout the United States presented grants to hospitals, schools, colleges and universities, and other organizations. We salute our Ambassadors for their commitment to their communities and to this Foundation. They represent the finest in our outstanding industry and their generous spirit will continue forever through this wonderful grant program.

The following is a list of grant recipients and the Foundation Ambassador in whose honor each gift was presented.

Medical Grants
For more than 37 years, new-car and -truck dealers have donated Little Annie cardiopulmonary resuscitation (CPR) training manikins to hospitals, police and fire departments, and schools across the country from the Medical Grants program of the NADA Foundation. In 2014, over 150 training units were donated to organizations nationwide.

Since the program’s inception in 1975, more than 4,800 manikins with a value of more than $4 million have been donated to organizations in all 50 states and Washington, D.C.

Emergency Relief Fund
The Emergency Relief Fund offers financial assistance to dealership employees affected by unforeseen emergencies and natural disasters. Since the fund was established in 1992, more than $5 million has been provided to more than 8,700 families.

Survivors Relief Fund
The Foundation was among the first organizations to support 9/11 families with contributions to Scholarship America, making it possible for the sons and daughters of Americans killed or permanently disabled during the attacks in New York, Washington, D.C., and Shanksville, Pennsylvania, to attend college.

Initially, $1.6 million was raised through the Foundation’s Survivors Relief Fund. Since its inception, the fund has provided $732,400 in scholarship aid to 122 students.

Road Safety Grants
The Road Safety Grant Program provides dealers up to $500 to sponsor a safety event at their dealerships. The grants are provided as a matching contribution for expenses incurred by dealers.

Dealers can use these grants to start programs to install child passenger safety seats, promote teen and senior driver safety, educate consumers about rural road safety, and/or combat distracted driving.

The Legacy Program
The Foundation’s Legacy Program is an exceptional vehicle for deliberate estate planning and conveys the vital community service role that franchised new-car and -truck dealers render for the benefit of so many citizens.

The Legacy Program was established 12 years ago to recognize those who have committed to the Foundation in their estate planning. It is helpful to people who wish to take advantage of the Foundation’s 501(c)(3) status. Specific designations may be proposed by donors in their plans or a pledge to the Legacy Program can be made to any of the Charitable Foundation’s programs. In this way, members of the retail automotive family are given a unique opportunity to make bequests that celebrate their life’s work.

ANNUAL REPORT 2014 | NADA.ORG/FOUNDATION
2014 Financial Summary

Revenues
Contributions to the General Fund from dealers and dealer associations totaled $326,000. Other contributions include: Ambassadors Program, $532,000; Frank E. January 1, 2014 .......................................................... $562,000
December 31, 2014 ........................................................ $546,000

The Foundation
Founded in 1975, the National Automobile Dealers Charitable Foundation is committed to preserving and promoting private enterprise and personal freedom of mobility by supporting organizations involved in emergency medical care and higher education.

Funding
The Foundation is funded by franchised new-car and -truck dealers and friends. Each year, thousands of contributions are received from those who seek to express their thanks to their communities.

The Foundation welcomes inquiries about any of its programs. Gifts to the National Automobile Dealers Charitable Foundation are tax-deductible as charitable contributions. The support of every dealer and friend of the industry, as well as that of any individual who believes in the objectives of the Foundation, is welcomed and encouraged. Your generosity guarantees the continuation of the Foundation’s good works!
