BRING THE BEST OF ATD 20 GROUP INTO YOUR STORE

In-dealership Consulting (IDC) brings the best practices of hundreds of dealerships directly to you—with a process that is designed to achieve affordable long-term results. The approach is simple: We analyze your dealership’s operations and work with your management team to find out what’s working, what’s not and what opportunities are being missed.

Establish Goals and Objectives
Consultant conducts an initial assessment with the dealer or GM to understand key issues impacting the dealership and the objectives of the IDC. Whether it’s one department or a dealership group, we help you manage better.

Pre-visit Analysis
Consultant compares performance against comparable dealers using the industry-leading 20 Group composite and ATD performance guides.

On-site Assessment with Management Team
Consultant conducts an on-site business review with the management team to assess performance. Operational gaps and hidden profit opportunities are uncovered by comparing your departments with ATD best-in-class processes and results.

Develop Action Plan and Implement Best Practices
Consultant offers a menu of proven best practices implemented at other dealerships for your management team to incorporate into its action plan.

Dealer/GM Review and Follow-up
Consultant meets with the dealer or GM to review business opportunities and action plans the management team has decided to implement. Your consultant is always available for follow-up contact and visits as required.
